Just a couple of things....

Page 3 – Section 3.1 and 3.2: You need to put in the ".00" after the dollar amounts.

Page 8 – Section 8: Am I just being incredibly dense or is this language in the first sentence and 3<sup>rd</sup> sentence from bottom "...issued by insurers acceptable to PM USA..." new? Has Risk Management requested this specifically? If not – I really do not like this and wish to discuss.

Page 10 – Section 11.3: We should either use what was previously agreed to or remain silent.

Exhibit B: Where did this Fidelity Bond and Risk Property Damage language come from??? Has Risk Management asked for it? If not, why not use the insurance language previously negotiated.
